HEYstore ONE-FOR-ALL

One Material - numerous applications

H4510-xxxx

HEYstore resist 1100 blend

The Heytex solution: a blend that works - one material that covers your customer's storing and containing applications.

Safe costs

Resistance to wide range of chemicals: bundle demand and safe costs for stocking/waiting for different materials.

Strong & durable

High abrasion and puncture resistance as well as exceptional UV and temperature resistance contribute to a long service life.

HEYseal safes time

Encapsulated Edges ex works as optional feature: reduce production time for welding of edges by up 50%.

Ready for the future

Phthalate-free blend material. Free of potentially harmful plasticizers.

Profitable business

Our 10-year warranty gives you and your customers a stable planning basis and ensures profitable business.
